

Introducing

AMG MedPro Cotton Balls

NEW MedPro cotton balls offer healthcare professionals a wide range of benefits:

Consistent Premium Quality

MedPro cotton balls are made of premium quality 100% USP purified cotton.

Comfort

MedPro cotton balls feel soft on the skin, helping to reduce the chance of irritation.

Superior Absorbency

MedPro cotton balls are smooth and absorbent, meeting the requirements of demanding healthcare professionals.

Variety

MedPro cotton balls are available in 2 sizes, medium & large.

Hygienic

MedPro cotton balls are packaged in a **resealable bag** to help prevent contamination, while allowing you to easily access the product and then securely reseal the bag.

Moreover, the bag's **perforated top strip** ensures that the cotton balls remain untouched in their packaging until the end-user tears it off, enabling the resealing mechanism.

Environmentally Friendly

MedPro cotton balls have been bleached using an environmentally friendly process.
